

# Sacrifice Nothing

# INTRODUCING THE KOHLER® AUXILIARY POWER UNIT (APU)

3APU Power Unit Installed

## SHUT DOWN WITHOUT GIVING UP COMFORTS

Kohler now gives over-the-road drivers a better way to get the power they need for heat, air conditioning and other comforts, without a moment of idling. With two different APU options, KOHLER APUs help everyone from independent operators to fleet owners save fuel, cut pollution and reduce wear on engines. Plus, they're a powerful answer to state and local anti-idling laws.

## SACRIFICE NOTHING

Kohler brings 85 years of generator expertise to the OTR trucker. That means access to a national KOHLER dealer/distributor network, a trusted name that helps you meet your challenges, products designed to make life easier and the ability to keep your comforts on the road.

From independent operators to fleet owners, the KOHLER APU sees to it you Sacrifice Nothing.

## KOHLER APU BENEFITS

- **More options** — The 3APU-HC offers ample power for basic needs, while the 7APU accommodates more intense power demands.
- **Low installation cost** — KOHLER APUs feature a self-contained design, keeping installation times to a minimum.
- **Emissions compliant** — Both KOHLER APUs are engineered to meet the latest EPA and CARB emissions requirements.
- **Quiet** — Under full load, the 3APU-HC operates at 69 dBA, the 7APU at 71 dBA.
- **Compact size** — Small enough to easily mount on side rails beneath cab.
- **Economical to own** — KOHLER APUs burn less than 1/3 of a gallon of diesel fuel per hour under typical load, far less than idling.
- **Powerful support** — KOHLER APUs come with a standard 2-year warranty on parts and labor, serviced by a national network of 500 KOHLER distributors and dealers.

## KOHLER 3APU-HC

### ECONOMICAL, SIMPLE

- 55 amps of DC power
- Space-saving evaporator and condenser provide 12,000 Btu/hour cooling and 10,000 Btu/hour heating
- Custom sound-deadening enclosure
- In-cab control shows run-time hours
- Air-cooled engine
- Complete stand-alone unit that does not intrude into the truck's systems
- Unit measures 15"L x 24"H x 28"D from frame rail and weighs approximately 240 lbs

## KOHLER 7APU

### POWERFUL, EFFICIENT

- 13.1 hp diesel engine produces 6.5 kW output
- Industry-leading 120 volts AC power, 45 amps DC power
- Power to run heat, A/C, TV, microwave, block heater and charge batteries
- Liquid-cooled engine
- In-cab digital controls show run-time hours and monitor temperature, oil pressure and more
- Complete stand-alone unit that does not intrude into the truck's systems
- Side-rail mounted APU weighs approximately 540 lbs and measures 25"L x 29"H x 24"D from frame rail

**7APU In-Cab Climate Control** – For additional flexibility, the KOHLER 7APU offers two options in compact under-bunk heating and cooling.

Choose from the space-saving remote unit or the easy-to-install, self-contained unit. Both offer 14,000 Btu/hour cooling and 2.5 kW heating.
